About the course

The Starter course is designed for literate children between 6 and 8 years without prior German knowledge.

In 10 modules, children will be introduced to the German language. Each module lasts 4 weeks (40min/week) and can be booked separately.

The course outline is based on the structure of a book for German as a foreign language.

MODULE 1

Greetings, introducing oneself and speaking about things we like and dislike.

MODULE 2

Saying where we come from and the alphabet in German.

MODULE 3

Numbers until 12 and speaking about food.

MODULE 4

Colors, saying what you have and describing things.

MODULE 5

New words with the three German articles (der, die, das).

MODULE 6

Speaking about what someone is doing, the continents and animals.

MODULE 7

Days of the week, speaking about activities and more words with articles.

MODULE 8

Music instruments and conjugating verbs.

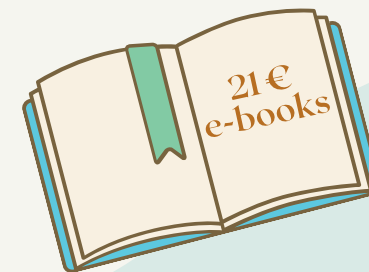

MODULE 9

Speaking about what others are doing in their holidays.

MODULE 10

Speaking about what others like to do and what they would like to have.
